Round Up is not a medical transport, an emergency service, or taxi service.

What is Round Up?

Round Up is a paratransit bus service for disabled Clovis residents who cannot use fixed route (Stageline) due to geographical and/or other limitations. It is a shared-ride service. We pick up and drop off as close to the door of your destination as possible. Additional assistance is available upon request.

Qualifying for Round Up

A potential passenger is required to complete the Round Up Americans with Disabilities Act (ADA) application. Eligibility will be determined using standards set by ADA law. You will be notified of your eligibility status by mail within 21 days after your completed application is received by our office.

If you have been ADA-certified by another transit system, you will be allowed to use Round Up service for 21 days while the Round Up certification paperwork is processed.

Making an Appointment

All ride requests must be made at least the day before the ride and up to 14 days in advance. No same-day appointments are allowed.

Passengers must have their date, time, and destination address. When the appointment is taken, the caller will be given a "be ready" time. For a return ride, passengers call the transit dispatch line and a vehicle will be sent to the location provided. The dispatcher will give the passenger an approximate arrival time.

To pay for rides, passengers have three options:
