A Unique Transportation Solution

A unique alternative for your transportation needs, Clovis Transit offers a trolley bus for use for weddings, special events, corporate events, or family gatherings. Our vehicle features the look of yesteryear: old-time trolley paint scheme, wooden trolley benches, wood paneled interior, and etched windows. However, all the modern conveniences are still available: air conditioning and heat, wheelchair lift, a well-maintained diesel engine, and of course, a friendly driver.

The trolley can hold between 26-30 passengers, and all passengers must have their own seat. Kids are welcome, but be aware that trolley seats do not have infant/child seat straps.

In the unlikely event of a vehicle breakdown, a regular public transit bus may be substituted.
