ANNUAL ELEMENT PROGRESS REPORT
Housing Element Implementation

(CCR Title 25 §6202)

Jurisdiction	Clovis	
Reporting Year	2020	(Jan. 1 - Dec. 31)

Table D

Program Implementation Status pursuant to GC Section 65583

Housing Programs Progress Report

Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.

1	2	3	4
Name of Program	**Objective**	**Timeframe in H.E**	**Status of Program Implementation**

Program 1: Regional Collaboration on Housing Opportunities	*Continue to participate in the Countywide Housing Element Technical Committee to collaborate on housing program implementation and regional issue. *The Countywide Housing Element Technical Committee will meet at least biannually. *The Committee will meet annually with HCD to discuss funding opportunities and challenges in implementation of programs, and seek technical assistance. *The Committee will meet periodically with Fair Housing of Central California to discuss fair housing issues. *The Committee will advocate on behalf of the Fresno region for more grant funding. *Continue to seek partnerships with other jurisdictions in the region and other agencies (such as the Housing Authority), housing developers, community stakeholders, and agricultural employers/employees to explore viable options for increasing the availability of farmworker housing. *Develop a directory of services and resources for lower-income households. *Make the directory available on City/County websites and at City/County offices.	Ongoing	City Staff normally meets twice annually with all 13 participating jurisdictions to work towards the goals and objectives outlined in the housing element by sharing best practices, exploring opportunities for further collaboration, and making the best use of limited resources. Due to COVID restrictions, the technical committee met only once in 2020. Staff of the participating local governments also met with representatives of the California Deparment of Housing and Community Development (HCD) to discuss funding opportunities and challenges in implementing their programs. The City posts available affordable housing resources on the City website, and also posts affordable housing resources as they become available on the City's social media accounts. Clovis applied for a $5,000,000 CalHome grant through HCD in 2020. The funds would be used for an owner-occupoed rehab loan program, mobile home replacement loan program, and an acquisition/rehab/resale loan program all for low-income households. If funded, Habitat for Humanity Greater Fresno Area would be a partner on the acquisition/rehab/resale program. According to the NOFA schedule on the HCD website awards were scheduled to be accounced in February 2021, but they haven't been accounced yet.
Program 2: Review Annexation Standards in Memorandum of Understanding	The County of Fresno and the cities within the County shall work together to review and revise, as deemed appropriate by all parties, the standards for annexation contained in the Memorandum of Understanding between the County and the cities.	Ongoing	COMPLETED IN 2018. On June 4, 2018, City Council Res. 18-76 was adopted approving an amendment ot the Tax Sharing Agreement to permit annexation of land for purpose of RHNA. The County Board of Supervisors approved the amendment.

Program 3: Provision of Adequate Sites	*Maintain and annually update the inventory of residential land resources. *Provide the inventory on the City website and make copies available upon request. *Monitor development and other changes in the inventory to ensure the City has remaining capacity consistent with its share of the regional housing need. *Actively participate in the development of the next RHNA Plan to better ensure that the allocations are reflective of the regional and local land use goals and policies.	Ongoing	This program is ongoing. The City monitors development relative to the sites inventory and continues to maintain adequate sites to meet the Fifth Cycle Regional Housing Needs Allocation, as well as the Fourth Cycle Carry Over Allocation. The Planning Division maintains an inventory of affordable housing sites within its Geographical Information System. The City is also participating in the Fresno COG RHNA subcommittee to provide input on the Sixth Cycle Regional Housing Needs Plan.
Program 4: Rezoning for RHNA	*Provide adequate zoning on at least 221 acres of land by December 31, 2016 to cover the unaccommodated need from the Fourth Cycle RHNA of 4,425 lower-income units. *If annexation of the “prezoned” sites is not completed within three years of adoption of the Housing Element, the City will conduct an analysis to determine if adequate capacity exists on the remaining sites in the inventory to meet the Fifth Cycle RHNA. *If the City cannot identify adequate capacity, the City will rezone sites within four years of adoption of the Housing Element to meet the RHNA. The rezoned sites will meet the criteria for lower-income housing described above.	December 31, 2016 and April 2019	PROGRAM COMPLETED. The City completed the Fourth Cycle RHNA Rezone in 2018. The prezoned sites counted in the Fifth Cycle RHNA have also been annexed. The City annexed Site PA-3 (20.9 acres of HDR - 418 unit capacity) on April 10, 2016, and annexed Site PA-1 (13.3 acres MU-V - 266 unit capacity) and PA-2 (18 acres of HDR - 360 unit capacity) on January 28, 2019. The RHNA Overlay program has been marketed by City staff and has resulted in a deed-restricted affordable housing project being proposed, funded, and is nearing permit-ready.
Program 5: Monitoring of Residential Capacity (No Net Loss)	*Develop and implement a formal evaluation procedure pursuant to Government Code Section 65863 by 2016. *Monitor and report through the HCD annual report process.	2016/Annual	The Planning Division maintains an inventory of affordable housing sites within its Geographical Information System. The identification of housing inventory sites has been added to the application forms for all types of development activity, triggering the need to conduct the no-net-loss analysis for applicable projects. The Planning Division has procedures to conduct the no-net-loss analysis when development other than what is shown in the housing sites inventory is proposed and/or approved. The procedures are posted on the City's Affordable Housing website.

Program 6: Water and Wastewater Service	*Continue to monitor water and wastewater capacity and make improvements, as appropriate and feasible, to better serve existing development and strive to accommodate the RHNA. *Establish procedures by the end of 2016 for granting priority water and sewer service to developments with lower-income units in compliance with California Government Code Section 65589.7.	2016/Ongoing	The water and wastewater service master plans respond directly to the land use plan established by the General Plan and apply appropriate design safety factors to ensure that adequate capacity is provided to all land uses. These service plans provide flexibility, especially in infill areas, that will accommodate affordable housing units where needed throughout the city. The water, wastewater, and recycled water masterplans were adopted in July 2018. These plans work in concert with each other to enhance available supply and provide full service to the plan area as systematic growth occurs. The City Council adopted policy language on March 18, 2019 to provide priority water and sewer service for lower-income housing in compliance with Government Code Section 65589.7.

Program 7: Affordable Housing Incentives	*Continue to seek partnerships and regularly meet, at least annually, with other agencies (such as the Housing Authority), housing developers, community stakeholders, and employers to discuss and pursue viable opportunities for providing affordable housing. *Continue to offer incentives such as gap financing, density bonus, streamlined processing (such as pre-application consultation to identify potential issues early on and concurrent processing of required permits to the extent feasible) to facilitate the development of affordable housing, with an emphasis on housing opportunities for very low and extremely low income households, as well as special needs populations, such as the elderly, disabled (including developmentally disabled), farmworkers, the homeless, and those at risk of becoming homeless. *Continue to streamline the environmental review process for housing developments to the extent possible, using available State categorical exemptions and Federal categorical exclusions, when applicable. *Annually pursue State, Federal, and other funding opportunities to increase the supply of safe, decent, affordable housing in Clovis for lower income households (including extremely low income households), such as seniors, disabled (including persons with developmental disabilities), farmworkers, the homeless, and those at risk of	Ongoing	City Staff are working with affordable housing developers to expand affordable housing development opportunities. During the 2020 calendar year, the City of Clovis has provided subsidies to the following affordable housing developments/programs: 1) Stanford Addition Infill - In 2020, the City of Clovis purchased a dilapidated home in the Stanford Addition with the intent of the site being used for affordable housing. The City demolished the home and split the lot. In January 2021, the two lots were granted to Habitat for Humanity Greater Fresno Area to be used for the construction of two single-family homes to be purchased by low-income veteran households. 2) First-Time Homebuyer Program - In 2019, the City of Clovis received notification that their application to CA HCD for a FTHB Program had been approved for an award of $1,000,000. The contract was received from HCD in 2020, and was fully executed. The program will soon begin taking applications from interested low-income homebuyers. 3) In the past year, the City of Clovis provided home repair grants to 34 low-income households to correct critical health and safety-related deficiencies in the home. This is a lower number of units assisted than normal for the City, but the program had to be temporarily suspended due to COVID-19 restrictions. 4) On November 4, 2019, City Council adopted the Affordable Housing Development Impact Fee Reduction Program with an initial funding of $1,000,000. In 2020, a $1,000,000 funding request through the program from the Fresno Housing Authority was approved for construction of a 60-unit affordable housing complex and construction began. In December of 2019, the City amended its Development Code to establish a ministerial process for the approval of multi-family residential projects, based on objective standards.

Program 8: Farmworker Housing	*Continue to support and encourage other agencies and housing developers, such as the Fresno Housing Authority and Self-Help Enterprises, in the application of funds for farmworker housing, including State HCD and USDA Rural Development loans and grants and other funding sources that may become available. *Continue to offer incentives such as gap financing, density bonus, streamlined processing to facilitate the development of farmworker housing. *Annually monitor the status of farmworker housing as part of the City's annual report to HCD on Housing Element progress and evaluate if City efforts are effective in facilitating the provision of farmworker housing. If appropriate, make necessary changes to enhance opportunities and incentives for farmworker housing development.	Ongoing	There were no applications for farmworker housing in 2020. However, the City makes available on the City of Clovis' website information about potentional gap financing, density bonus, and streamlined processing.
Program 9: Preserving Assisted Housing	*Monitor the status of any HUD receipt/approval of Notices of Intent and Plans of Action filed by property owners to convert to market rate units. *Identify non-profit organizations as potential purchasers/ managers of at-risk housing units. *Explore funding sources available to purchase affordability covenants on at-risk projects, transfer ownership of at-risk projects to public or non-profit agencies, purchase existing buildings to replace at-risk units, or construct replacement units. *Ensure the tenants are properly noticed and informed of their rights and eligibility to obtain special Section 8 vouchers reserved for tenants of converted HUD properties.	Ongoing	The City of Clovis has not received any notices of intent or plans of action filed by property owners to convert to market rate units. City staff will reach out to subsidized housing complexes, as needed, to ensure tenants are properly noticed, and will provide materials to property managers who need them.

Program 10: Encourage and Facilitate Accessory Units (Second Units)	*By 2018, consider fee reductions for second units. *By 2019, implement a public education program advertising the opportunity for second units through the City website and at the planning counter.	2018 and 2019	PROGRAM COMPLETED. Clovis has a Cottage Home Program to encourage infill residential development of 400-square foot second units that have alley access and has funded the cost of preparing and approving three sets of building plans which can be used for free by anyone participating in the program. This represents approximately $9,000 savings. In addition, school fees are exempted for the cottage homes and there is no requirement for separate utilities for the secondary unit. The City is advertising the Cottage Home Program on the City website, social media, and direct mail with much success. The City has prepared a public information handout for individuals interested in ADUs describing the applicable criteria (definitions, size, height, setbacks, services, fees, etc.) for each type of ADU recognized under State housing law. The handout references the most recent standards and criteria adopted by State housing law as well as complementary city standards, where applicable. ADUs do not require an entitlement or an entitlement process fees, development impact fees, or separate utility connections. In 2020, the City permitted a total of 8 ADUs (not including any Junior ADUs which might have gone untracked).
Program 11: Zoning Code Amendments	*Amend Zoning Code to address State law requirements within one year of Housing Element adoption. *Review residential parking standards for studio and one-bedroom multifamily units and take action by 2017 to modify the requirements based on the findings of the review. *Annually review the effectiveness and appropriateness of the Zoning Code and process any necessary amendments to remove or mitigate potential constraints to the development of housing.	2017/2017/Annually	COMPLETED IN 2018. The City Council approved Ordinance Amendment 2018-01 on July 16, 2018 and subsequently adopted the amendments to the Development Code on August 6, 2018. The ordinance amendment addressed all the requirements of this program including updates to address farmworker/employee housing, reasonable accommodation, definition of family, single room occupancy units, and removing guest parking requirements for multifamily housing. Urgency Ordinance 19-21 was adopted by the City Council on December 1, 2019 to incorporate changes in State law brought about by the Housing Crisis Act of 2019. Urgency Ordinance 19-21 was extended for one year on December 7, 2020 to allow the City's municipal code to continue to be in conformance with State Housing Laws. (The language in the Urgency Ordinance, together with any additional changes brought about by new State housing laws, will permanently adopted through a traditional ordinance amendment process in 2021).

Program 12: Lot Consolidation and Lot Splits	*Assist interested developers/property owners in identifying opportunities for lot consolidation or lot splitting. *Process requests for lot consolidation and lot splitting concurrent with other development reviews. *Encourage the use of master plans/specific plans to provide a cohesive development strategy for large lots.	Ongoing	This is ongoing. Planning staff uses the Clovis Development Code and the Subdivision Map Act in making recommendations to the development community on opportunities to further develop parcels/lots to the maximum density allowed for best and maximum use of properties within the city. In 2020, the Development Code was amended to establish a ministerial process to subdivide parcels that qualify for development pursuant to the Regional Housing Needs (RHN) Overlay District. City Housing staff works with potential developers on identifying opportunitiy sites that may require lot consolidations or divisions. This is done in conjunction with Planning staff as described.
Program 13: Monitoring of Planning and Development Fees	*Continue to monitor the various fees charged by the City to ensure they do not unduly constrain housing development. *As appropriate, consider incentives such as deferred or reduced fees to facilitate affordable housing development.	Ongoing	On November 4, 2019, Clovis City Council passed a resolution authorizing the Affordable Housing Development Impact Fee Reduction Program. The program is intended to reduce impact fees for affordable housing projects that provide deed-restricted units to households that make at or below 80% of Area Median Income. In 2020, a $1,000,000 award was provided to the Fresno Housing Authority for construction of a 60-unit affordable housing complex, and $300,000 was budgeted for the 2020-21 fiscal year for an additional project.
Program 14: Housing Rehabilitation Program	*Continue to apply for CalHOME funds to maintain the housing rehabilitation program. *Promote Home Rehabilitation Program on City website, at public counters, and to income-eligible households identified through the Code Enforcement program.	Ongoing	City staff continues to promote the housing rehabilitation program on the City's website, at public counters, and to low- and moderate-income households identified through code enforcment. Staff completed 34 home repair grants in 2020, expending approximately $200,000 in CDBG funds for the program. This is a lower number than what is normal for Clovis due to the fact that the home repair program had to be temporarily suspended in 2020 due to COVID-19 concerns. In 2020, HCD released a CalHome Program NOFA, and the City submitted an application for $5,000,000. Applications are currently being evaluated by HCD, with award notifications expected in February 2021.
Program 15: Code Enforcement	*Continue to use code enforcement and substandard abatement processes to bring substandard housing units and residential properties into compliance with city codes. *Refer income-eligible households to City of Clovis housing rehabilitation programs for assistance in making the code corrections. *Conduct a housing conditions survey by 2020 to assess the extent of housing rehabilitation needs, as resources are available.	Ongoing/2020	Clovis formed a Code Enforcement Team which uses Staff from the Building Department, Affordable Housing Department, City Manager's Office, Police Department, Fire Department, Public Utilities, and Legal Counsel to work together to bring substandard housing units and residential properties into compliance with City Code. The Code Enforcement Team brings substandard housing units and residential properties into compliance with city codes, and makes referrals to City housing rehabilitation programs. The City completed a housing conditions survey towards the end of 2019, with a final report produced in the Spring of 2020.

Program 16: Homebuyer Assistance Program	Continue to pursue CDBG, HOME, and other funding opportunities annually to maintain the first time homebuyer assistance program.	Annually	In 2019, the City of Clovis received notification that their application to CA HCD for a FTHB Program had been approved for an award of $1,000,000. The contract was received from HCD in 2020, and was fully executed. The program will soon begin taking applications from interested low-income homebuyers.
Program 17: First-Time Homebuyer Resources	*Prepare promotional materials by 2016 and promote available homebuyer resources on City website and public counters. *Annually review funding resources available at the state and federal levels and pursue as appropriate to provide homebuyer assistance.	2016 and annually	City Staff continue to seek additional funding from State and Federal resources to provide homebuyer assistance. Because the demand for Clovis' First Time Homebuyer funds far exceeds the amount of funding available, City Staff also refer potential homebuyers to the California Housing Finance Agency's Homebuyer Programs, the Federal Home Loan Bank of San Francisco's, and the Golden State Housing Authority's FTHB programs on a regular basis. Information for all three programs is available on the City of Clovis' affordable housing website. When applications are being accepted for Clovis' FTHB program (as available funding permits), promotional materials for the program are available to the public at Clovis City Hall.
Program 18: Energy Conservation	*Consider incentives to promote green building techniques and features in 2017, and as appropriate adopt incentives by 2018. *Continue to promote HERO program by providing a link on the City website and making brochures available at City counters. *Continue to promote and support Pacific Gas and Electric Company programs that provide energy efficiency rebates for qualifying energy-efficient upgrades by providing a link on the City website and making brochures available at City counters. *Continue to incorporate conservation measures in housing rehabilitation programs. *Expedite review and approval of alternative energy devices (e.g., solar panels).	2017/2018, and ongoing (see Objective)	The City supports and promotes the HERO program and PG&E programs that support energy conservation. City Staff provide information about these programs to Clovis residents on a regular basis, including referrals to the Fresno Economic Opportunities Commission's Weatherization Program for low-income clients needing energy efficiency repairs. City staff print and give or mail potential recipients the applications. Staff also make referrals to Fresno EOC's and Grid Alternative's solar panel program for low-income homeowners. Information regarding all of these programs are also available on the City of Clovis' website. The City has adopted expedited, streamlined permitting processes for electric vehicle charging stations (2017) and roof top solar energy systems (2015) (Chapter 8.14 and 8.18 of the Clovis Municipal Code).

Program 19: Housing Choice Vouchers	*Prepare promotional materials by 2016 and provide information on the HCV program on City website and at public counters. *Refer interested households to the Fresno Housing Authority and encourage landlords to register their properties with the Housing Authority for accepting HCVs. *Work with the Housing Authority to disseminate information on incentives for participating in the HCV program throughout city neighborhoods with varying income levels to promote housing opportunities for all city residents.	2016 and ongoing	The City promotes the HCV program on the City website (https://cityofclovis.com/affordable-housing/fresno-county-housing-choice-voucher/) and at the counter. City Staff provide referrals to property owners for HCVP and work regionally to increase funding to all affordable housing agency partners. The City is partnering with the Fresno Housing Authority on a 60-unit multifamily housing project to increase the supply of affordable housing in Clovis. In addition, the Fresno Housing Authority has committed 73 project-based vouchers to a potential 75-unit permanent supportive housing project in Clovis.
Program 20: Fair Housing	*Conduct Fair Housing Assessment as required by HUD on a regular basis (every five years). *Work collaboratively with other jurisdictions in the region to provide education to lenders, real estate professionals, and the community at large. *Provide information and written materials on fair housing rights, available services, and responsible agencies in English and Spanish. Distribute materials at libraries, community facilities, City offices and public counters, and on the City website by 2016. *Refer fair housing complaints to HUD, DEFH, Fair Housing Council of Central California, and other housing agencies, as appropriate.	Ongoing	On November 4, 2019, Clovis City Council adopted an updated Analysis of Impediments to Fair Housing Choice. The Analysis has been submitted to HUD for review, and City Staff are still awaiting word of the review from HUD. The City works collaboratively with other jurisdictions on fair housing issues through the Countywide Housing Element Technical Committee. The City has posted fair housing information on the City's website, and continues to distribute information and written materials on fair housing rights. The materials are also availble at the public counter. Fair Housing printed materials are available in both English and Spanish. Fair Housing complaints are referred by City staff to the Fair Housing Council of Central California.

Jurisdiction	Clovis	
Reporting Year	2020	(Jan. 1 - Dec. 31)

Building Permits Issued by Affordability Summary		
Income Level		**Current Year**
