

# Clovis Fire Department

## Standard # 4.4

### CHRISTMAS TREE & PUMPKIN PATCH LOT REQUIREMENTS

1. No open fires allowed. No burn barrels.
2. Temporary structures such as tents and canopies shall comply the Chapter 31 of the 2022 California Fire Code.
3. All electric lights and electrical circuits must be installed and approved by the Clovis City Building Department.
4. All electric lights must be placed no less than twelve inches (12") from plastic material.
5. Space heaters must be listed and be kept a minimum of three feet (3') from any combustible material.
6. All Christmas trees sold for commercial use must be fire retardant treated with a listed, approved chemical by an approved, State-licensed operator when sold to a business located in the City of Clovis.
7. The State-licensed fire-retardant applicator must have his license on display on site, plus demonstrate knowledge, when asked, regarding the chemical being applied.
